MESSAGES

Arniea Loving: I honestly cannot believe that my time at Conant is over. There are so many emotions you experience at this point that it's hard to put it into words. I would do it all over again if I could. Thanks, Conant.

Arsalan Bin-Kamran: "Do not let your difficulties fill you with anxiety, after all it is only in the darkest nights that stars shine more brightly." Hadrat Ali ibn Abu-Talib.

Audrey Rose: Don't cry because it happened, smile because it's over! #true #blessed #peefree

Azba Farooqi: High school was a long four years. I remember talking to my sister about her senior message when I was only a freshman. Enjoy high school because it'll be over before you know it. We take a lot of things for granted so give back to the community. Whatever you do, have fun.

Bailey Johnk: There's so much I want to say but unfortunately, I only have 300 characters. So I'll just say thank you to Kaitlyn (for my being my sister my whole life), Natalie (for being crazy with me since 1st grade), Mollie (for tolerating me for 4 years), and Kellie (for being one of my best friends ever).

Ben Ratner: Conant does have a hockey team.

Bianca Melone: "The mountains are calling, and I must go."
-John Muir

Bobby Alexander:
You got that James Dean daydream look in your eye
And I got that red lip, classic thing that you like
And when we go crashing down, we come back every time
'Cause we never go out of style, we never go out of style.
#HB4L #CakeSquad #Potnas

Brandon Rafidi: I'm glad to say that I've had a pretty awesome squad of bros who've managed to stay my friends throughout all of high school. So shout out to John, Nickan, Eddy, Tony, Novak, Stefan, Zach, Michael, and Dario. I'm also glad to say that I don't have to deal with them anymore: I'm free.

That was from the movie *We Bought a Zoo*. Try to enjoy every minute and everybody look after my sister, Katelyn.

Caitlin Eder: I wish the best to all the future seniors and students at Conant! Just, everyone, please keep walking in the hallways. Don't randomly stop and cause a pile up. Please.

Chandler Lantern: The best thing you can do as a human being is to be kind. Kindness keeps friends close and most importantly it kills your enemies. Never pass up a chance to be kind because not only will it change your life but it has the possibility to change someone else's life.

Christianna Tai: Much love to the badminton girls (#STREETBADMINTON), music friends, and the drum line guys + SS! Pretty sure I spent more time with you all during season than at home. MD- the best doubles partner. RS- for being one of my best friends for 4 years even though we hardly saw each other. Not every moment was fun, but it was real, and that's what counts.

Clare Donohue: If I've learned anything from these 4 years, it's to never stop learning. Do things that benefit your mind, body, & soul. Become a better person every single day. Class of 2015, may you always have a sense of wonder & adventure running through your blood. It's been a tremendous four years. *drops mic*

Claudia de Bruyn: High school has challenged me. Staying up until four studying for AP tests, organizing events as president of Student Council, and getting involved in various activities has pushed me to grow into the young adult I am now. I have transformed from a shy student never participating in class to a leader that students look up to. I can look back confidently call my high school career a success because I pushed myself.

Syed Ali: "Treat yo' self!" -Tom Haverford

Taylor Waidanz: "But what we found out is that each one of us is a brain...and a basket case...a princess...and a criminal." -The Breakfast Club

TJ Lunney: 4"10 and 90 pounds to 5"11 and 160 pounds in just four great years. Expect a similar transformation from my brother, Marc. He's a freshman. I know he will find great friends at Conant, do great things and leave his mark here. Shout out to my wrestling partner Jason, my Bud Shujaat, and my girlfriend, DeeDee.

Tulsi Patel: If there is one thing that I learned in high school, it is that everything is a conspiracy theory because every science teacher will tell you what you learned the year before is only half right.

Tyler Kudla: One thing I have to say about my time in high school is, "That's pretty neat!!!"

Tyler Lardin: As corny as it sounds, try to appreciate every moment you have as a child.

Vaibhavi Talati: I've been lucky to have an amazing network of friends and teachers who make saying goodbye very hard. Thank you to each and every one of you for supporting me. A big shoutout to my best friend, Nisha Patel. Thank you for always being accepting and being there when things were tough. You da real mvp.

Varsha Muthukumar: Even after all of this, I'm not sure of much. What I can say is that if I'm ever mugged in the street, have no fear. For I, good sir, have the power of triangles. I will miss my friends. But, as Sirius Black once said, "The ones that love us never really leave us. You can always find them in here."

Victoria Mesheimer: Four years is not as long as you think, so make it count. Meet new people, join clubs, and try something new. Take chances. You never know who you might meet. You'll gain friends and lose friends, but that's all a part of the experience. And remember ladies, donuts are better than boys!!!!

Victoria Dereszkieicz: "Have courage and be kind" -Cinderella High school is a time to make mistakes, make friends, and start to find yourself. And I thank everyone who has been there for me these past 4 years and helped me become the person I am today. Happy Graduation! WE DID IT CLASS OF 2015!!!!!!
